Sports Funding Impact Report

DOVE CE ACADEMY

2020/21

What is the PE and Sports Premium Funding?

Over the last few years 2013-20 the government has provided funding over £450 million per annum to provide new, substantial primary school sport funding. This funding has been jointly provided by the Departments for education, Health and Culture, Media and Sport. The money received has been given directly to primary school head teachers to spend on improving the quality of sport and PE for all their children. Since 2020 the funding has been continued year on year and we have continued to use this to grow and develop our provision.

Purpose of funding

Schools have to spend the sport funding on improving provision of PE and sport but they will have the freedom to choose how they do this.

The vision for the Primary PE and Sport Premium: **ALL** pupils leaving primary school **physically literate** and with the **knowledge, skills and motivation** necessary to equip them for a **healthy, active lifestyle** and **lifelong participation** in physical activity and sport

The funding has been provided to ensure impact against the following **OBJECTIVE**: To achieve self-sustaining improvement in the quality of PE and sport in primary schools. It is important to emphasise that the focus of spending must lead to long lasting impact against the vision that will live on well beyond the Primary PE and Sport Premium funding.

It is expected that schools will see an improvement against the following 5 key indicators:

Key Indicator 1: the engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school

Key Indicator 2: the profile of PE and sport is raised across the school as a tool for whole-school improvement

Key Indicator 3: increased confidence, knowledge and skills of all staff in teaching PE and sport

Key Indicator 4: broader experience of a range of sports and activities offered to all pupils

Key Indicator 5: increased participation in competitive sport

Amount of grant received IN YEAR 2020/ 21 £16,000 + £10 per pupil.

Area of Focus	Amount spent	Impact	Sustainability
PE Curriculum To further increase staff confidence and ability to teach PE as per identified needs on audit. To use technology to enhance pupils' skill level in PE and raise aspirations. To improve pupils' ability and enjoyment of PE Links to: Key Indicator 3 Key Indicator 4	£3095 progressive sports PE package £1000 teacher release time £5869.50 I pads £3130.04 PE storage units	Staff confidence and ability to teach high quality PE continues to increase following courses and CPD and this is impacting on the quality of PE lessons and pupils' progress in lessons and their reported enjoyment. Through the use of I pads in PE lessons we have seen a marked improvement in pupils' ability to understand techniques and make improvements to their own and others performances. I pads have also been used to show pupils clips of high level athletes which has raised their aspirations and increased their motivation levels. PE equipment is stored securely and is grouped together to make resources easy to identify. High quality resources are kept in good condition.	Staff knowledge and confidence is built upon to continue to teach high quality lessons. The I pads purchased will be used in future years and these improvements and the legacy to last in future years. Changed attitudes and perceptions towards the difference PE can make will lead to higher outcomes and opportunities for pupils in school.
Health Embed physical activity opportunities wider into the school day and meet new government obesity strategy requirements Improve pupils mental health and well-being Links to: Key Indicator 1 Key Indicator 3 Key Indicator 2	£1337 circus skills, martial arts and wellbeing workshops £600 Progressive sports enrichment day £442.32 Equipment costs.	A number of health initiatives have been introduced that will lead to children being more engaged and active throughout the school day. Pupils have maintained a level of physical activity throughout the COVID pandemic, as learning platforms were created and PE was added weekly. Home learning packs with ideas to support exercise and physical activity from home were sent weekly. Children are now taking part in two hours of PE a weekly. Pupils and staff feel emotionally and physically well and able to operate effectively. Pupils and parents understand the value of PE and health and are committed to meeting recommendations.	Pupil and staff health and wellbeing remains a priority in keeping the school operating effectively. Pupils and parents understanding of the importance of health and government recommendations resulting in changed behaviours which will continue in future years. Providing opportunities for children to take part in physical activity throughout COVID enabled children to continue to lead a healthy active lifestyle, improve their confidence and provided high levels of enjoyment.
Competition and Community To increase the number of competitive opportunities for all pupils. Key Indicator 4: Key Indicator 5	£830 trophy display cabinet	Children have participated in remote learning through learning platforms such as google classrooms and google sites. Children were provided with weekly packs to promote physical activity at home. All children have experienced and taken part in a schools sports day within their bubbles and both children and staff are encouraged to wear their PE kits to school on PE days. This has increased the profile of PE across the school and helped to raise attainment.	Sports days and virtual competitions continue to promote participation and competitiveness within each year group. Children are able to practise athletic skills within PE sessions which involve building teamwork and cooperation. Sports days ensure that pupils build character, resilience whilst maintaining positive attitudes and enjoyment levels in a safe and secure environment. This is sustainable for future years.
